Our Focus has always been on Innovating Food Shields and Displays.

Over 40 years of setting the standard for quality craftsmanship, innovative design, product functionality – combined with industry leading customer service – PMG continues raising the bar for manufacturing countertop food shields, displays and merchandisers.

Our design and manufacturing expertise are backed by our team of experts. From assisting in your facility designs, to working with your project every step of the way, we pride ourselves on having established long-lasting customer relationships through responsiveness and on-time delivery of custom projects and stock orders. Pick up the phone, send us an email or reach out to our nationwide network of foodservice equipment representatives – we always guarantee quick and accurate delivery of quotes, drawings, and products.

Our efficiencies support yours.

FOODSERVICE CONSULTANTS

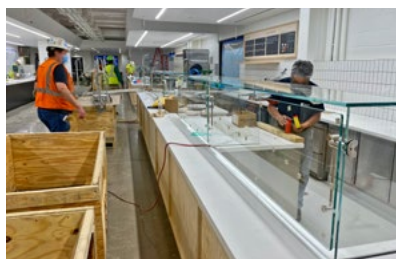

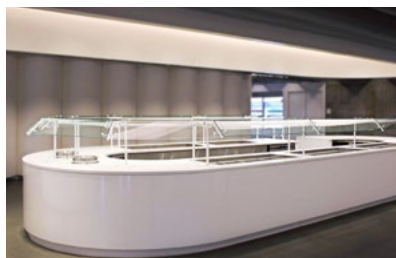

For our consultant customers, we recognize your architect and end-user customers demand quick and accurate project details. You can look to PMG for quick and accurate budget quotes, CAD blocks, Revit families and countertop layouts.

RESTAURANT AND KITCHEN EQUIPMENT DEALERS

We recognize that dealers are always under enormous pressure to deliver projects on time and within budget. We have built our credibility within the dealer community by doing our part to help dealers meet their timelines and budgets on the countertop protection portion of a project.

HOSPITALITY AND RETAIL CONTRACTORS

With our access to a wide array of brass and stainless tubing styles, fittings, and components, we provide the flexibility to satisfy your customers' designs.

Our culture is built on being responsive.

From your first inquiry or RFQ, our team is immediately engaged. We know your customer's perception of your success is based how you perform and deliver in a timely manner. PMG is the custom manufacturing partner you can depend on to keep the food shield portion of your project on time and accurate.

- *Quotes are completed within 48 hours*
- *Design engagement is available every step of the way*
- *Only the best quality components go into your shields and displays*
- *Our manufacturing turnaround is fast, efficient and to the highest standards*
- *Product performance innovations will be appreciated by your customers and your customers' customers*

ADJUSTABLE FOOD SHIELDS

Adjustable performance, second to none. Our patented gearless adjustable food shields are the simplest and most intuitive guards to operate in the industry. Designed for ease of cleaning, ease of maintenance and maximizing pan access, these shields will enhance any project. Your customers will appreciate how simple it is to move from full service to self-service, with our mechanisms easily handled by one person, with no tools required.

THE ULTIMATE IN FUNCTION, DESIGN AND SAFETY

AURA UV BONDED

AURA UV BONDED

Providing the cleanest look for food protection. No one offers more options when it comes to UV Bonded all-glass displays and food shields. Available in either a fixed or adjustable style, you'll love the clean look provided by this style of display or food shields. These all-glass displays and food shields will give you the most absolute cleanest look for your serving line or display counter.

THE ULTIMATE IN FUNCTION, DESIGN AND SAFETY

FRAMELESS FOOD SHIELDS

FRAMELESS FOOD SHIELDS

Bringing transparency to your shields. With our frameless designs, we can eliminate the support posts by utilizing PMG's frameless assemblies. The end result is providing you with the effective food shields you need, without the structure becoming the center of attention. All glass displays are assembled with minimal clips that provides that transparent appearance, keeping the focus on the food, not the hardware.

THE ULTIMATE IN FUNCTION, DESIGN AND SAFETY

FULL SERVICE FOOD SHIELDS

FULL SERVICE FOOD SHIELDS

Providing protection without being obtrusive. We designed our full-service shields with the goal of providing all the food safety protection you need without taking the focus off your food. Now you can display your food offerings on your serving line with the most minimalist, unobtrusive food shield display in the industry. This allows you to merchandise the food, not the food shield.

THE ULTIMATE IN FUNCTION, DESIGN AND SAFETY

SELF SERVICE FOOD SHIELDS

SELF SERVICE FOOD SHIELDS

Food shields with easy access. Designed to be the most minimalist in appearance, our self-service shields put your ability to display the food on your buffet line as our priority. Your guests will enjoy the ability to access food without a difficult food shield experience. Keep your food the center of attention with the most minimalist, unobtrusive self-service food shield in the industry.

THE ULTIMATE IN FUNCTION, DESIGN AND SAFETY

HEAT & LED LIGHT OPTIONS

HEAT & LED LIGHT OPTIONS

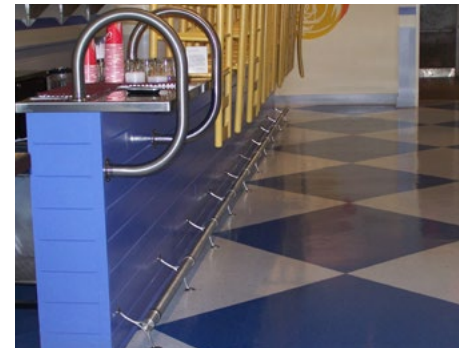

Heating and lighting designed for performance. PMG's minimalist heating and LED lighting options provide the most integrated merchandising displays for your custom counters. Complementing our minimalist food shield designs, our focus is on also providing function without interfering with the display of your food. Additionally, we bring ease to your installation, with all wiring completed in-house and the unit shipped to you fully assembled.
