

HOT FOOD DISPLAYS FOR FULL-SERVICE APPLICATIONS

Showcase food with the sleekest, most innovative full-service merchandiser guards on the market.

LIFT & CLEAN

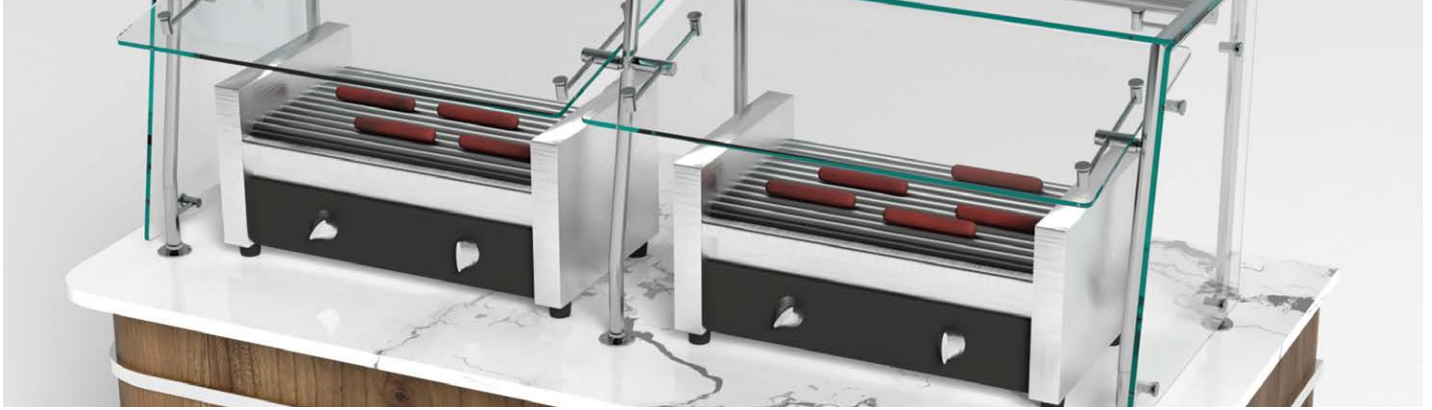

Lift and Clean Technology ensures the easiest access to front panels for daily staff cleaning.

[Click here to see Lift & Clean in action](#)

HOT FOOD ROLLER GRILL

Adjustable Front glass to maximize compliance to local inspector's requirements or to maximize customer access to product. Integrated LED lights available to highlight prepared food.

AMBIENT CASES

UV Bonded cases offering the sleekest, cleanest displays for prepared food (multi-tier available).

COFFEE OR COOKING STATIONS

Use clear tempered glass to showcase your cook's or barista's skills or add color and images to the glass partitions utilizing PMG's Vectra Printed Glass Technology. Ceramic frit ink is baked into the glass panel which eliminates the imperfections caused by cleaning products, food stains, water stains, etc.
